

**Fiducient Advisors
seeks dynamic,
collaborative and
adaptable aspiring
professionals for our**

inTURNship

**Summer 2021
Educational
Enrichment
Program**

Many students entering senior year of college lost the opportunity to learn and grow through traditional internships, and many recent graduates are struggling to find any job, let alone jobs in their field of choice. Additionally, there is an opportunity divide for exposure and entry into the finance and investment industry.

Fiducient Advisors strives to catalyze change by educating, developing and creating opportunity for a *diverse* future talent pool. We intend to make a positive impact by expanding access to a highly sought after educational enrichment experience in the communities where we live and serve.

Interested aspiring professionals should complete the online **inTURNship** Participation Submission Form

The Fiducient Advisors inTURNship program is not employment nor an internship but rather an educational enrichment program.

An educational 12 module program intended to build financial and general business knowledge through training sessions, assignments and networking

A four week **inTURNship** program running June 7, 2021 to July 1, 2021 including one-on-one mentors

Virtual, embracing our new normal and enabling us to reach a broader range of **inTURNs**

Students entering senior year of college majoring in Finance, Economics, Business or related fields and recent college graduates unable to find employment in their field of choice should apply. We will select **50 inTURNs** to participate.
